

Signing up for Direct Debit (PBS)

Payment by Direct Debit is easy and free of charge.

With PBS, your payments are automatically deducted from your bank account so that your bills are always paid on time. You only need to register once. When the registration goes through, you will stop receiving school fee invoices and all further payments will happen automatically.

You control your payments; you can at any time decline payments or unsubscribe your payment arrangements.

When you sign this paper, the school secretary will make sure that you will be registered for PBS and the school fee will automatically be deducted from your account every month.
